The amount of your benefit from this fund depends on the total number of frozen tokens you have on that day. It means each person needs to purchase at least 50 SCH tokens to activate the SaleChain account but there are no restrictions on purchasing more and freezing it to increase profits from the staking fund.

EXAMPLE: Suppose there are 1 million TRX in the staking fund for token freezers, and you have frozen 1,000 SCH tokens, and the total number of frozen tokens on that day is 100,000. This means that you will receive 1% (1000/100000) of the 1 million TRX in the fund at the end of the day on your wallet.

Step 3: Build your sales network

Introduce SaleChain to your friends and receive 70% as the profits from the purchase of tokens by your sales network up to 10 levels.

EXAMPLE: Suppose you invited 5 new users to SaleChain and each of them invited 5 friends and all of them purchase the minimum amount of token. For 10 levels, you will have a sales network like the image below:

Level	Friends	Your Income	Referrals Commission
Level 1	5	550 TRX	22%
